Hong Fah Lee,
President
NCKU Alumni Association in Malaysia
49C, Jalan SS2/64, 47300 Petaling Jaya, Selangor Malaysia

March 23, 2011

Dear President Hong Fah Lee:

On behalf of National Cheng Kung University, I would like to share the great news with you. The Institute of Engineering Education Taiwan has received a letter dated on January 18, 2011 from the Board of Engineering Malaysia (BEM) in regard to the recognition of higher education degrees in Taiwan. The BEM in its meeting held on 10th December, 2010 has recognized 12 Bachelor and 16 Master degrees of Engineering Programs at NCKU earned after June 2007. A complete list of these approved programs was attached to the letter from BEM. This is exciting news and I truly believed that with this major breakthrough NCKU shall recruit more outstanding students from Malaysia in our engineering programs. I am writing to ask you not only share with our alumni this great news and also encourage more outstanding students to enroll in these engineering programs at NCKU.

As you have already known, NCKU has 80-year history and has been known for its outstanding research on science, technology and medicine. Benefited from the visions of former presidents and efforts of all its faculty, staff, and students, NCKU has become a renowned academic institute in the world. According to the 2010 Academic Ranking of World University (ARWU) by the Center for World-Class Universities of Shanghai Jiao Tong University and the 2011 Webometric Ranking of World Universities, NCKU was ranked 256th out of 500 schools and 80th out of 12000 schools, respectively. Our academic research performance, especially in Engineering, has also been ranked in the 19th place in the world and recognized as top one in Taiwan. Moreover, our strength in engineering research shall help us to integrate other research areas such as medicine, science and biotechnology, among many others, and to provide better knowledge for the development of the country and welfare of the world.

Again, I appreciated very much your support and help in the past years. The NCKU alumni association in Malaysia has been one of the best and active chapters among 32 NCKU alumni associations throughout the world. More importantly, its alumni worldwide have actually become a big family whose members are willing to offer their most

generous support when needed. Please allow me to express my gratitude again on behalf of National Cheng Kung University to all NCKU alumni for your continuing support.

Sincerely,

Hwung-Hweng Hwung, Ph.D.

President

National Cheng Kung University
